G.T.P. MODIFICATIONS

THE EASTERN SECTION

Will not be Dropped — The Changes Asked for are Slight and Reasonable.

(Bulletin Special Dispatch).
Montreal, N. B., Jan. 23. — Hon. H. R. Emmerson gave his first public address as Minister of Railways last night. He said in part: "There is one thing I can say, and I say it on behalf of the government of Canada, that there is no proposal to cut out the eastern section of the Transcontinental railway. There is neither suggestion nor suspicion that this is even desired by those interested in the scheme, and upon whom the burden will in a very large degree fall. The modifications will be submitted to parliament. They will be very moderate and reasonable."

A TERRIBLE CYCLONE

CAUSES GREAT DAMAGE

A Village Completely Wiped out With a Large Number of Persons Killed And Seriously Injured.

(Bulletin Special Dispatch).
Tuscaloosa, Ala., Jan. 23. — The most disastrous cyclone that ever swept over this section, visited Moundville, Ala., a town of 300 inhabitants, Friday morning at one o'clock, and as a result thirty-seven persons were killed and more than one hundred injured, and every business house in the town with the exception of a small drug store, was completely destroyed.

NEWS OF THE WORLD

Condensed Dispatches Dealing with the Day's Most Important Happenings.

Winnipeg, Jan. 23rd.

A TERRIBLE TORNADO.
A tornado in Moundville, Alabama, killed thirty-seven persons and injured 100 others.

CANCER IN THE FAMILY.
The Princess of Saxe Meiningen, a sister of Emperor William, is suffering from cancer.

THE SUPREME ISSUE.
The Russians make the maintenance of which supremacy the real issue, in Northern Asia.

MURDERER IN THE TOLLS.
Deane, brother of Vanck, is held on eleven criminal charges, including some of unspeakable infamy.

C. T. P. R. ACTIVE.
The Grand Trunk Pacific Railway Company is showing great activity in New Ontario, and has established its base at Dimmore.

FEAR TERRIBLE FLOODS.
There is a general break up on the Allegheny river and the Pittsburgh district is threatened with disastrous floods.

SOO LINE CONSTRUCTION.
The Soo line will begin construction on the Winnipeg extension in the spring and expects to run trains to Winnipeg by next fall.

U. S. FIRMS MAKE OVERTURES.
Several United States firms are afraid of Chamberlain's success and are making overtures to English manufacturers.

G. T. P. AGREEMENT MODIFICATIONS.
Hon. H. R. Emmerson announced last night that the Grand Trunk Pacific modifications will be few and reasonable. He was enthusiastically greeted by his constituents.

VERY COLD IN WINNIPEG.
The coldest dip of the season is on at Winnipeg. The temperature was 37 below last night.

CASHEL CONVICTED.
John Caschel was convicted yesterday of assisting Ernest Caschel to escape from Calgary jail. He will be sentenced Monday.

THE WEATHER.
Toronto, Jan. 23. — Fine, very cold weather prevails in all localities with no immediate prospects of much change at present.

TELEGRAPHIC.

EDMONTON CURLERS

ARE DOING SPLENDIDLY

Teaching the Southern Players a Thing or Two — They are in all the Competitions.

(Bulletin Special Dispatch).
Calgary, Jan. 23. — Edmonton rinks are going to make a killing here unless all signs fail. They have won already one of the big trophies, and they are still in the game for the other three big trophies.

The contest for the Visitors' trophy has narrowed down to the finals. It is between Giles' rink and Lauder's rink. The finals will be played next week in Edmonton.

The contest in the Brewery trophy has narrowed down to Thom, of Golden, Giles, of Edmonton, and Smith, of Calgary. Giles and Smith play off and the winner will play with Thom in the finals.

Lauder beat Alcock in the semi-finals in the Grand Challenge and is now in the finals.

McNeill and Spafford, the two strong Calgary rinks are playing in the semi-finals, and at the conclusion the winner will at once play Lauder for the finals in the biggest of the trophies.

Giles beat Palmer, of Calgary, in the semi-finals for the McNeill trophy last night. Now the finals in this contest will be between Giles and Spafford.

The contest for points will be played off this afternoon.

A train for the north will leave Calgary tomorrow morning.

VERY SEVERE WEATHER

In Ontario Where the Moist Atmosphere Makes the Cold Almost Unbearable.

(Bulletin Special Dispatch).
Toronto, Ont., Jan. 23. — Eastern Canada is experiencing the coldest winter for many years. The temperature frequently reaches 35 degrees below zero and railway traffic is tied up by heavy snowfalls.

TWENTY FIVE YEARS AGO

The Saskatchewan Herald, Battleford, is publishing items from its files of twenty-five years ago. In its issue of January 13th, 1879, appeared the following correspondence from Edmonton:

"Smith's threshing quit work on the 13th, after a run of about sixty-five days, in which it threshed 18,095 bushels of grain for fifty-five different parties."

"The total yield of this settlement, including grain to be threshed by Logan's machine, will be about 20,000 bushels. Two years ago oats sold here for seed at 25c a pound, and it is only within the last three or four years that any attempt has been made to raise wheat. Small quantities of rye and peas were grown this season, and both did remarkably well. Bill Gust, who had the largest crop in the settlement, sowed his first grain last year; and Mr. J. Reed, who had the largest yield, broke the land on which that crop grew last May. The crop at 2,500 bushels, and that at Lake St. Anne a similar amount."

"The Hudson's Bay company sports a permit, posted on the gate of the Fort, for the sale of pain-killer and various descriptions of perfumery and cosmetics. A petition for the privilege of selling hair-oil, axle-grease, dried apples, horse-hall stubs and shoe-fly blacking is being circulated and enthusiastically signed."

RAILWAY COMMISSION

Will be Gazetted To-Day — The Personnel of the Commission is Announced.

(Bulletin Special Dispatch).
Ottawa, Jan. 22. — The appointment of the members of the railway commission will be gazetted tomorrow. Mr. Blair is to be the chief commissioner of the board of railway commissioners for Canada. Mr. Bernier is to be deputy chief commissioner, and Mr. Mills a member of the board.

JAPAN IS FIRM

Is Sure of Its Position and Absolute Refuses to Retract Her Demands.

(Bulletin Special Dispatch).
New York, Jan. 23. — Baron Hayashi says the Japanese government's demands are an irreducible minimum, and that no modifications will be accepted.

NEW ADVERTISEMENTS.

FOREIGN MONEY

Monetary Tones.
 The circulation of foreign money in Canada, the loss thereby entailed, and the best way to overcome the evil, are frequently spoken of in commercial bodies and written about in the press in such a manner as to show that clear and accurate ideas are not generally held on the subject. As to the intrinsic values of gold coins, little need be said, as they do not enter to any appreciable extent into general circulation, being held by the banks as part of their security against the issue of notes. The British mint makes a charge of 1-24 for coining an ounce of fine gold value \$20.67, equal to 47.91 a cent on a sovereign valued at \$4.86-2-3. The United States mint charges half of one per cent. on gold coinage, the charge on a \$10 gold piece being five cents.

The weight of fine gold in a United States \$10 gold piece is 232.2 grains, which is one-sixteenth of the weight of the same size in the standard silver dollar pieces. The weight of the silver dollar was fixed by an Act of Congress, passed in 1837, at 412 1-2 grains of silver, containing 99 per cent. pure silver, and 10 per cent. copper. The weight of pure silver in a dollar being thus 371 1-4 grains. The fact that these silver dollars have been coined so far in excess of the requirements of trade, that not only a glut of them exists, but they are lying in the vaults of the mint at Philadelphia, and the sub-treasuries, amounting to 16 to 1, should be sufficient to cover Wm. J. Bryan and his followers with ridicule.

When we come to the value of the subsidiary silver coins, 5 cents, 25 cents, 10 cents and 5 cents, by the Act of 1863, there is 25 1-2 grains of standard silver per dollar used in coining them and they are proportionally less valuable than one dollar piece.

There was a time when silver was even more valuable than 16 to 1 in comparison with gold, but about 1870 the price began to decline from \$1.25 per ounce, till in 1883 95 cents was reached. Then under the operation of the Bland bill in the United States in 1890 the price jumped to \$1.20, and the enormous surplus of silver dollars was coined, which still fill the mint and treasury vaults. But an Act of Congress proved unable to control the world's exchange, and silver bullion fell till in the early part of 1893 it was down in the forties; the immediate cause of decline being the debasement of the Chinese war indemnity in silver. Subsequently it recovered, and about 60 cents per Troy ounce of 480 grains of fine silver may be considered as the average of the year 1903. This is convenient, as it makes a grain of silver equal to 1-8 of a cent.

Taken on this basis, United States silver coins are of the intrinsic value shown below, remembering they are 80 per cent. fine.
 Standard dollar, 46.4 cents.
 Half dollar, 23.2 cents.
 Twenty-five cents, 10.8 cents.
 Ten cents, 4.3 cents.
 Five cents, 2.15 cents.
 Sterling silver, of which British and Canadian coins are made, is finer than the American standard, as it contains 92 1-2 per cent. of pure silver, and thus the British shilling, weighing 80.24 grains, is worth 10.03 cents. Canadian coins are overvalued in like manner, but they are instantly redeemable at their face value, and the profit the government makes on their issue lessens the taxation of the Canadian people.

On the other hand, in accepting an American "cartwheel" dollar, worth 46 4-10 cents for \$1 worth of Canadian goods, there is a loss for the time being of 53 6-10 cents, and while it remains in circulation it is a loan without interest to the people of the United States, as is all American paper money circulating in Canada. It is estimated that from four to five millions of dollars of United States money is in circulation in the Dominion. This should be replaced by Canadian money, which would, at 5 per cent. on the sums stated, be earning \$200,000 to \$250,000 for the people of this country.

There is no kind of reciprocal action in this matter, as Canadian money, except in small amounts at frontier places, is almost never used or subject to a discount when tendered in the United States. Take a look at the "Silver" item in the financial news, and you will find "Mexican dollars" quoted from 42 1-2 to 44 cents in New York, that being what a Mexican buyer is allowed for a payment in that form. Yet the Mexican dollar, containing 420 grains, 99 per cent. fine, or 376 grains of pure silver, is worth more as bullion, than the standard United States dollar, which contains only 371 1-4 grains.

In attempting to secure to the people of this country a saving of \$200,000 to \$250,000 per annum by driving out United States money, it is suggested that their silver dollar be taken for 85 cents. Half dollar at 40 cents. Quarter at 20 cents. Dime at 8 cents. Half-cent at 4 cents. Cent piece at nothing. The way this matter is managed on the southern frontier of the United States is illustrated by the tale of a New York drummer on the way to San Francisco by the Rio Grande route. Stopping off at El Paso, early one morning, he "died" the town, and thought he would stop over the bridge into Mexico. To certify himself for the walk, he took a glass of "bourbon," tendering a United States dollar; the barkeeper handed him a Mexican dollar, answering his look of enquiry by explaining that there was a discount of 15 per cent. on Mexican money, so that the difference paid for the drink. After walking around the Mexican town, he stopped into a restaurant and got a glass of "Rhum," on tendering the Mexican dollar he was handed a United States dollar for change. Going back to Texas, he got another glass of Bourbon, and again went to Mexico, repeating his lurch and back until evening. When returning to El Paso he found he had acquired a heavy jug which had not cost a cent, as his original United States dollar piece was in his pocket.

This tale shows that our Mexican friends have applied a means to keep United States money out of their country, and if Canadian boards of trade, banks, brokers, merchants and hotel keepers would adopt the measure suggested, Americans would soon exorcise themselves with gold or exchange to pay for purchases in Canada, and we would profit to the extent of \$200,000 to \$250,000 per annum by the change from the present system, in which there is no reciprocity whatever.

As well as the very considerable loss to Canadians, sustained by lending them money for nothing, or on inadequate security, there is the sting of over-lordship involved in the idea of Yankee money having free circulation in Canada, while Canadian money is refused in the United States.

 Unless the SOAP you use has this brand you are not getting the best

HOCKEY.

Edmonton hockey enthusiasts were pleased when it was announced that the Wetaskiwin hockey team would make a trip to Edmonton for a practice match. Edmonton has been playing Strathcona only for so long that people almost forgot that there were other good hockey teams in Northern Alberta. The visit of the boys from the south has been the means of encouraging good clean sport, the match acting as a sort of offset to the recent strenuous matches between Edmonton and Strathcona. The hockey boys are good fast, gentlemanly players and are excellent sports.

Very little can be said of the match as regards fast hockey, for both teams took things very easy. The Edmonton team, weakened as it was by the absence of Humeston and Bellamy, played rings around the visitors and scored at will. For the visitors Whip Sharpe as rover played the fastest game. Wright and Sibbald played a good game for the home team. The score stood about ten to four in favor of Edmonton. Dr. Strong gave excellent satisfaction as referee. The line up of the teams was as follows:

Edmonton	Goal.	Wetaskiwin.
MacMahon	Point.	Goodridge
Banford	Center.	Montgomery
Helliwell	Cover Point.	Murphy
Sibbald	Rover.	Sharpe
McDonald	Left Wing.	Almer
Wright	Center.	McDonough
McLeod	Right Wing.	Breen
Umpire.	Forbes and Johnston.	
Referee.	Dr. Strong.	

After the match the Edmonton hockey team entertained the Wetaskiwin players to an excellent banquet in the Criterion restaurant. About twenty-five hockey enthusiasts were present besides the two teams, Jac. W. Morris and John I. Mills as president and vice-president respectively, of the Edmonton hockey club, presided. After the banquet had been partaken of amid great enthusiasm and good fellowship, John W. Morris briefly welcomed the boys to Edmonton and assured them that Edmonton appreciated the clean, gentlemanly game they put up. The toast list then proceeded amid great enthusiasm as follows:

The King.

Our Guests, coupled with the names of Captain H. G. Murphy and T. Breen.

Our Sister Town. No one was present to respond to this.

The Game, coupled with the names of Ed. Sibbald and John I. Mills.

The Ladies, responded to by Messrs. Wright, Banford, Helliwell and McLeod.

Our Trainers, coupled with the names of Messrs. Griffiths, Rae, Hutchings and Olds.

The Press, coupled with the names of W. A. McKinnon, of the Bulletin, and J. J. Cunningham of the Journal.

The Referee, responded to by Dr. Strong.

Sam. Humeston, responded to by Wright on behalf of Humeston, who is in the hospital.

P. Breen on behalf of the Wetaskiwin team proposed a toast to the Edmonton players and at the same time thanked their hosts for the splendid way in which they were received and entertained.

The entertainment closed by the whole gathering singing Auld Lang Syne.

COLD WEATHER.

Montreal, Jan. 19.—Cold weather records for many years past were smashed when between four and six o'clock this morning the thermometer registered 39 degrees below zero, in this city.

It was even colder in surrounding districts, in some places the mercury going down to 45 degrees below. The intense cold is causing great suffering in the poorer districts, where it is utterly impossible to heat stoves.

All trains reaching the city are between four and five hours late, being impossible to keep up steam enough to make water runs. Dead patches run all parts of eastern Canada and throughout New York state indicate the coldest weather in many years.

Austerlitz, N. Y., Jan. 19.—Today outclasses all previous records of the winter. The mercury is various parts of the city registered as low as 30 at daylight. Freight traffic on the N. Y. C. is practically suspended.

Rome, N.Y., Jan. 19.—All cold weather records for Rome were broken last night, when private thermometers in some sections registered as low as 40 degrees below zero.

Schenectady, N. Y., Jan. 19.—An official record breaking epiphany of cold weather put the thermometer down to 25 degrees below zero here this morning. Reports from the surrounding country give temperatures of from 30 to 40 below.

Utica, N.Y., Jan. 19.—The mercury remained from 4 to 6 degrees below zero all day. In this city it was 36 below zero. At many of the northern towns 40 degrees were registered. A spirit thermometer at Boonville registered 52 degrees below zero.

Malone, N.Y., Jan. 19.—The mercury touched 25 degrees below zero in Malone at 7 o'clock this morning. At Mountain View it reached 43 below. All records for cold weather have been broken in the Mohawk valley, the official thermometer registering 38 degrees below zero at Ponda today.

RUSSIA IN TROUBLE.

St. Petersburg, Jan. 19.—Telegrams from Washington and Tokio published this morning cast a wet blanket upon the hopes raised by the imperial words of peace. It is an open secret here that the Japanese reply is distinctly negative, and its extremely courteous tone is only equalled by the firmness of spirit which characterizes it.

England's pro-Japanese policy is exciting serious attention in political circles here. It is being realized fully today that Russia has not got to do with Japan as much as with England, and that the Anglo-Japanese alliance is at the bottom of all the present trouble.

An echo is now loudly heard of the utterances of those far seeing politicians who at the moment of the Anglo-Japanese alliance announced and proclaimed that this political "coup" meant war against Russia as destroying the balance of power in the Far East. They have been urged by many politicians that the time had come for Russia to retaliate for the pin prick policy of England by a demonstration toward the Indian frontier, and also by aggressive political tactics in Persia. In diplomatic circles also, where indications are eagerly sought as to how political straws are pointing, much interest is aroused at the mauvais quart d'heure the British ambassador recently had when calling upon Count Lamsdorff. At the latter's reception, Sir Chas. Scott's attitude being of the most frigid order.

Count Lamsdorff was yesterday handed the duplicate note of the Japanese reply by the Japanese minister, M. Kurino, whose sincerity as a friend of peace warmly appeals to the minister of foreign affairs, Count Lamsdorff. It is interesting to know, will surely do everything possible to avert war, which he, the life-long friend of M. Witte, looks upon with the utmost repugnance. Count Lamsdorff is firmly of the opinion that if war breaks out between Japan and Russia, nothing can prevent a general international conflict east and west.

SPLENDID CARNIVAL.

One of the most successful carnivals ever held in Edmonton took place on Thistle rink last night. The ice was in perfect condition and masqueraders were present in large numbers. Owing to the very valuable prizes offered by the rink management, a great deal of interest was taken in dressing for the carnival. There was a large number of splendid costumes which showed very careful preparation. The rink presented a very brilliant appearance, as the masqueraders, in almost every conceivable tint of color and in diverse costumes, ranged to the music of the band. A large number of spectators were present, who greatly enjoyed the proceedings. So many skaters took the ice after the judging was over that the rink, large as it is, was uncomfortably crowded. The rink management deserve great credit for the excellent prizes they put up for competition. The judges, Messrs. Nagle, Holmes and Carmichael, had a difficult task owing to the numerous splendidly dressed masqueraders on the ice. The prize winners were:

Best fancy dressed lady, Indian Girl, Miss Nelly Schultz.

Best comic lady, Pack of Cards, Miss M. Grant.

Best dressed girl under 16, Fairy, Miss Ross.

Best fancy dressed girl, Butterfly, Georgie Hume.

Best fancy dressed gentleman, Venetian Courtier, Mr. Williamson.

Best comic gentleman, J. R. Tweeddale.

Best fancy dressed boy under 16, Jack the Giant Killer.

Best fancy dressed boy, Uncle Sam, Dick Potter.

A few of the masqueraders were: Cowboy, Bert Potter.

Miss Canada, Blanche Duplessis.

Indian Girl, May Matheson.

Red Cross Nurse, Mrs. C. R. Fitzmaurice.

Uncle Sam, Dick Potter.

Mistress Poppy, Miss Lauder.

Turkish Dancing Girl, Dora Oliver.

Razzle Dazzle, May Grant.

COURLING.

Last night MacDonald defeated McKenzie in the Blue Ribbon cup competition by a score of 12 to 6.

Kinnaird defeated Ibbotson for the Hardy cup by a score of 11 to 7.

For Monday evening the following games are posted.

Macdonald vs. Raymer.

Taylor vs. Dowsett.

Storvel vs. Campbell.

Hard.

Editor, of Edmonton, is drawn against Major Walker of Calgary, in the Burns competition. That's the long and the short of it!

"We Can Save You Money"

Now arriving Spring Shipments of Barb Wire, Buy it now and take it home with sleighs.

HEATING STOVES

For Coal We will not carry any over. All Heat-

ers to be sold at a Big Discount to clear. It will pay you to buy one at our prices. Try us.

FLOUR

We beg to call your attention to our prices.

1st HUNGARIAN PATENT \$2.85

2nd STRONG BAKERS 2.25 single bags

3rd ASSINIBERIA 2.20 in lots

1.65 grade next Strong Bakers

SPOT CASH

It is unnecessary to say that prices on the wheat

market are rapidly advancing, and we would advise our customers to put in their supply of flour at once, as we do not expect to be able to sell at the above prices after FEBRUARY 1st.

REVILLON FRERES

Edmonton's Greatest Stores

PICTURESQUE EDMONTON

Picturesque Edmonton is selling fast. If you wish to get a copy for your friends to the east, now is the time to get it. You will not only give them something they will highly appreciate but will also show them that Edmonton is strictly up-to-date. The studio will be open every night until Christmas.
